EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Title:

Semiconductor Device

Allowable Subject Matter

Claims 1-6 and 22-23 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-6 and 22-23 are allowable because prior art does not show alone or in combination along with the limitations of the independent claim such as an intermediate insulator film formed between at least one of the pairs consisting of the floating gate electrode and the ferroelectric film, and the ferroelectric film and the control gate electrode; and the intermediate insulator film is made of a hafnium oxide that contains nitrogen atoms.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
